

“Use **half** the urea, plus
get **more** grass, **faster**
& **cheaper** with **LessN**”

– Jeremy Silva, Donaghys CEO and farmer

Contact your local LessN spray applicator:

- Dramatically increased nitrogen response
- Grow 34% more dry matter compared to spread urea
- Faster response without the lag time of spread urea
- Grow dry matter over 37% cheaper than spread urea*

*Based on trials conducted by Donaghys and independent Crown Research Institutes.
Figures correct at time of printing, September 2009
